Adding or Eliminating Breeds:

- A. A new breed class will be created if there are 6 or more animals represented by 3 owners for 2 consecutive years. If, however, a breed class is not represented by 6 or more animals and 3 owners for 2 consecutive years, than that breed class will be eliminated and the animals will be entered in all other breeds.

Junior Class Policies:

- A. Exhibitors in the junior show may enter the same animals in the open show, open crossbred market gilt show, and the open barrow show.
- B. Only one entry in each class will be accepted.
- C. Active Delaware 4-H members are permitted to exhibit in youth livestock shows regardless of residency.
- D. The open show crossbred market gilt class winners do not go to the auction on Thursday night. Each entrant must be prepared to prove ownership by the person in whose name the entry is made.
- E. All breed and market hogs should be in show condition; if not, they will be asked to leave the Fairgrounds.

Market Hog Contest Policies:

- A. All junior market animal exhibitors **MUST** complete a Youth for the Quality Care of Animals (YQCA) training certification, unless they have an existing Youth Pork Quality Assurance (YPQA) certification that is still valid through July 2022. The YQCA training certification course can be done either in person or online, but must be completed prior to the start of the 2022 Delaware State Fair (July 21, 2022).

- a. **This mandatory training requirement shall apply to all those exhibiting market animals. The training certification is not limited to only market animal exhibitors and all exhibitors are encouraged to consider completing this course.**
 - b. **If you are a junior market animal exhibitor and have not attended or completed the online YQCA course or currently have an existing YPQA valid certification by the start of the 2022 Delaware State Fair (July 21, 2022), you will not be permitted to show your animal and will be asked to remove your animal from the grounds.**
- B. NO PQA/YQCA certificate – your hog WILL NOT BE PERMITTED TO SHOW!
- C. Each exhibitor in the Market Hog Contest shall show no more than 2 hogs in the contest. Only one entry per exhibitor per class will be accepted. Hogs must not be farrowed before January 1, and must be tagged with Delaware State Fair ear tags (see Livestock Tagging information).
- D. Hogs weighing less than 220 lbs. or more than 290 lbs. will not be accepted. Market hogs will only be weighed once – no reweighing permitted.
- E. The number of classes will be determined after weigh-in.
- F. Gilts entered in Breed Classes and Cross Bred Classes are not eligible to compete in the Market Hog Contest.
- G. Registered Barrows entered in the Breed Classes are not eligible to compete in the Barrow Contest.
- H. As a convenience to exhibitors who have determined that they consider the Fair a terminal event for their market animal(s), the Fair has solicited one or more private/ independent buyers to contact Exhibitors about purchasing their animal(s). The Fair exercises best efforts to identify reliable and dependable buyers, however the Fair will not under any circumstances be responsible for any issue(s) that may develop between the exhibitors and the buyers. None of these requirements are meant to preclude an exhibitor from entering into a private sale with whomever they decide. None of these Buyers have any affiliation with the Fair. Exhibitors who decide to sell their animals to any Buyer are reminded of the following: (1) all terms and conditions of each sale such as price, animal weight, total consideration to be paid, when payment is to be made, the time and date the animal(s) will be transferred to the Buyer, etc. are matters strictly between the Exhibitor and the Buyer. The Fair is not in any way responsible for any aspect of the transaction including payment and transfer of ownership and possession of the animal; and (2) the Exhibitor is responsible for caring for the animal until the Buyer takes possession; and (3) selling an animal to a Buyer does not relieve the Exhibitor from the obligation to have the animal(s) removed from the fairgrounds by the scheduled release time(s).
- I. The use of any drug or chemical compound that is not approved by the Food and Drug Administration for use in meat animals is prohibited. The illegal administration of approved drugs and compounds is also prohibited. All animals shall be subject to tests for substances that exceed the acceptable levels established by the United States Department of Agriculture, the Food and Drug Administration, The Food Animal Residue Avoidance Databank and the Environmental Protection Agency. A positive test will result in forfeiting all premiums earned by the animal, trophies, special awards and auction proceeds, as well as reimbursing to the processor for the costs incurred in processing the tainted market animal. Animals containing prohibited drug residue will not be presented for sale. The owner, exhibitor, and caretaker are responsible for strict adherence to FDA regulations concerning withdrawal time of all medication.
- J. All market animals presented for sale at the Junior Livestock Auction must be free of any and all prohibited drug or substance residue. If an animal is found in violation of the Wholesome Meat Act or

any other drug or residue rules, all premiums earned by the animal, trophies, special awards and auction proceeds shall be forfeited. Testing positive for any prohibited substance residue at slaughter and which renders the food product unsafe, shall subject the junior livestock exhibitor to forfeiture of auction proceeds as, well as the need to reimburse the processor for costs incurred in processing the tainted market animal.

- K. If two market animals entered by the same exhibitor are determined to be in the same weight class, the exhibitor shall select one of the two animals to be moved up to the next higher weight class thereby allowing the exhibitor the opportunity to show both animals.
