

2023 Delaware State Fair Camper Application Guidelines

The application process is open to livestock and non-livestock exhibitors, volunteers and general fair patrons. Priority will be given to livestock exhibitors when vacancies are filled on or about April 1, 2023. If vacancies exist after that date, contracts will be awarded without regard to exhibitor status. Once awarded a contract, you will automatically receive a contract the following year regardless of your exhibitor status. The Fair reserves the right and final say regarding camper placement on the grounds.

If you would like to be considered for a camping spot during the 2023 Fair, please read these guidelines and complete the "Camper Application Form" and submit it following the instructions set forth at the end of the application. Please call 302-398-7001 if you have any questions.

The order in which camper contracts will initially be awarded on or about April 1, 2023 shall be as follows:

1. Livestock Exhibitor - Chosen based on the following criteria:
 - a. Number of exhibitors staying in camper, age of exhibitors, length of time showing at Fair; and
 - b. Distance from home or farm to The Delaware State Fair; and
 - c. Species and number of animals to be shown at this year's Fair.
2. Volunteer
3. Non-Livestock Exhibitor/Competitive Exhibitor
4. General Fair Patron/All Others

Any vacancies determined to exist after April 1, 2023 will be filled on a first come-first serve basis regardless of the exhibitor status.

Please Note:

1. If you are a livestock exhibitor and new to camping, you are encouraged to make sure that you apply on or before the March 1, 2023 deadline in order to receive preferential consideration.
2. If you were not awarded a camping spot in a previous year, you must apply again this year. Previous year's applications are **NOT** carried forward into future years.
3. The initial award of new camping contracts based on application submitted on or before March 1, 2023 will be awarded on or about April 1, 2023. Any camping vacancies that exist after April 1, 2023 shall be filled on a rolling basis as applications are received.
