Department Rules & Regulations:

1. This year, the Beef Department will have the opportunity to upload registration papers to the ShoWorks portal to check birth dates of animals and class entries. If you do plan to upload your registration papers to the platform to expedite the check in process, please do so before July 1st 2023. Please visit our website or call the premiums office for assistance with this process. This will NOT take the place of physical registration papers being presented during check in with inspection of the animal so please be sure to bring the original copies to the fair.
2. **Mandatory Barn Meeting Saturday, July 22 at 8:00AM - Kent Building.** Weigh-ins will take place following the Barn Meeting and all original, hard copy registration papers and tattoos will be checked immediately following weigh-ins at the indoor wash rack. All breed animals must be tattooed prior to arriving on fairgrounds.

5. Adhesives may be used; however, any product used to alter the conformation and/or appearance of an animal for exhibition is prohibited. This is a no paint show. The use of dyes or other coloring agents to camouflage the natural coloring of an animal is prohibited. Use of false tail heads or switches is also prohibited.
6. All castrations must be completely healed.
7. Tie out between the horse barns will be allowed from 9:00 PM to 9:00 AM. Tie out bedding will not be provided. Clean out is **required nightly** and all manure is to be brought to the designated manure bins. All tie out areas must be cleaned completely out by Saturday, July 29 at 5:00 PM. Exhibitors who do not comply will forfeit premiums. No grooming chutes will be permitted in the tie-out area. **Tie out areas are at your own risk. All animals must have a regular rope halter and neck rope on and be tied at all times.** Animals may not run loose in the tie out area.
8. Any animals not eligible to show or not in show condition must leave the grounds immediately. Due to the safety of all exhibitors and fair patrons, any unmanageable animals must leave the fairgrounds immediately.

Adding or Eliminating Breeds:

1. If your breed is not listed, please enter all other registered breeds.
2. A new breed class will be created if there are 6 or more animals by two or more exhibitors.

5. Not more than two premiums may be earned by one exhibitor in any class. MARKET CLASSES

Rules:

1. All junior market animal exhibitors **MUST** complete a Youth for the Quality Care of Animals (YQCA) training certification class (online or in-person), unless they have an existing Youth Pork Quality Assurance (YPQA) certification that is valid through July 29, 2023. The YQCA training certification course can be done either in person or online, **but must be completed to enter a market animal in the 2023 Delaware State Fair. Exhibitors will be asked upon entry to provide their YQCA certification before moving forward with their entries.**
 - a. This mandatory training requirement shall apply to all those exhibiting market animals. The training certification is not limited to only market animal exhibitors and all exhibitors are encouraged to consider completing this course.
 - b. If you are a junior market animal exhibitor and have not attended or completed the online YQCA course nor currently have an existing YPQA valid certification **by the deadline (June 1, 2023)**, you will not be permitted to show your market animal(s).

- c. For more detailed information about the YQCA requirement and how to fulfill the requirements please [click here](#) to visit the Fair's website.
2. The exhibitor of the Grand Champion and Reserve Champion Steer is strongly encouraged to place their animals in the Junior Livestock Auction. Please refer to additional information in the Junior Livestock Auction section of our website.
 3. Steers will be judged as finished and ready for slaughter. Dairy Breeds are accepted.
 4. Please refer to the General Livestock Rules in the section under General Information on the website for weigh-in information. FEEDER CALVES NOT ELIGIBLE.
 5. As a convenience to exhibitors who have determined that they consider the Fair as a terminal event for their market animal(s), the Fair has solicited one or more private/ independent buyers to contact Exhibitors about purchasing their animal(s). The Fair exercises best efforts to identify reliable and dependable buyers, however the Fair will not under any circumstances be responsible for any issue(s) that may develop between the exhibitors and the buyers. None of these requirements are meant to preclude an exhibitor from entering into a private sale with whomever they decide. None of these Buyers have any affiliation with the Fair. Exhibitors who decide to sell their animals to any Buyer are reminded of the following: (1) all terms and conditions of each sale such as price, animal weight, total consideration to be paid, when payment is to be made, the time and date the animal(s) will be transferred to the Buyer, etc. are matters strictly between the Exhibitor and the Buyer. The Fair is not in any way responsible for any aspect of the transaction including payment and transfer of ownership and possession of the animal; and (2) the Exhibitor is responsible for caring for the animal until the Buyer takes possession; and (3) selling an animal to a Buyer does not relieve the Exhibitor from the obligation to have the animal(s) removed from the fairgrounds by the scheduled release time(s).
 6. If two market animals entered by the same exhibitor are determined to be in the same weight class, the heavier animal shall be moved up to the next higher weight class, thereby allowing the exhibitor the opportunity to show both animals. If two market animals entered by the same exhibitor are determined to be in the heaviest weight class, the exhibitor shall choose which animal will be struck from the competition.
