SECTION H

PHOTOGRAPHY EXHIBITS

ALL PHOTOS in this section MUST be taken by the 4-H exhibitor. The 4-H exhibitor **SHOULD NOT** be in any of the photographs.

4-H siblings SHOULD NOT submit the same photo in any class. If this is done, the photographs will be marked down.

Mount individual photos on poster board, card stock, mount board or mat board; **not to exceed 6" x 8"** except where noted. Do not use foam board or construction paper. **Do Not Staple photographs** to your mounting board. **Do Not Glue exhibit tag** to your mounting board. Use tape so it can be easily removed for displaying. On the back of each exhibit include if the photo was taken with a digital camera or phone type. Also, please note anything unusual about your picture (e.g. mounting, focus, subject etc.) that you think will help the judges to better understand your picture. For example, if you enter a picture of yourself or a picture with you in it, explain how you did that.

Judges will be asked to assess the entire exhibit. This includes not only the photograph, but also the mounting and any titles that are attached. Sloppy writing, glue on the mat, a poorly cut mat or crooked mounting all can detract from the photograph and lower the overall score.

Photographs in classes 112 -137 and 138-144 may be taken using a phone, digital camera, color film or black and white film (Classes 141-144 Only). Only one entry per class is permitted and each photograph may be entered only once in this entire section, including photos entered in the portfolio classes. The exception to this rule is in classes 138-140 (Digital Slide Shows), where only 50% or more of the images must have been taken during the past year. Photos entered in the digital slide show may also have been entered in other classes. Also, photos entered in class 130 (Best Photo Album) may have been entered as individual photos.

All photographs (unless otherwise noted in the rules above) must have been taken by the 4-H member since the beginning of the previous year's State Fair. Note that the name of each class indicates what the **primary focus** of that class should be. For instance, if you enter a picture of a person with a lamb, and your primary focus of the photograph is the lamb, it should be entered in the animal category (and not people category).

Class 210 is a poster contest that Delaware 4-H is sponsoring to promote teens to seek emotional and mental health treatment, when needed. Unfortunately, there is oftentimes a stigma associated with mental illness, emotional disturbances and seeking treatment. Youth and adolescents need to know they can request assistance when dealing with mental illness – and not feel ashamed about it. Young adults should feel comfortable when asking for help when dealing with mental or emotional concerns and should never feel embarrassed.

Mental illnesses can affect a person's thinking, feeling, mood, or behaviors. Some of the major types of mental illness are depression, anxiety, schizophrenia, bipolar mood disorder, personality disorders, and eating disorders. For more information on major types of mental illness, visit:

<https://kids.delaware.gov/pbhs/youth-and-teens.shtml>

All youth/adolescents ages 11 to 19, are encouraged to submit an original design that helps reduce the stigma associated with seeking treatment for mental illness.

Posters will be evaluated based on the following rules:

1. Submissions should provide a clear and understandable message in a concise format.
2. The message portrayed should be easy to read. Letters and words should be clear and legible.

3. Language used should be appropriate for age group.
4. Exhibits should use 14" x 22" poster boards, using the entire space on the page.
5. Any medium or combination of media may be used, including crayons, line drawings, watercolor, paint, etc.
6. No coloring book or traced drawings.
7. Computer generated images are acceptable.
8. Artwork must be the artist's original creation.
